

CLE - THE INTERSECTION OF INSOLVENCY AND FAMILY LAW

In the 15 years since the introduction of the *Bankruptcy and Family Law Legislation Amendment Act 2005* (Cth), the intersection of personal insolvency law and property adjustment orders has become a common but complex occurrence.

Maurice Byers Chambers will host a CLE presentation by Awais Ahmad for both family law and insolvency practitioners, concerning:

- the procedures of the Family Court and Federal Circuit Court;
- the non-bankrupt's attack on the property vested in the trustee (is it available vice versa?); and
- the use of binding financial agreements and consent orders to avoid creditors.

Drinks and canapes will be served afterwards.

For catering purposes, please send your RSVP by 12 March 2020 to reception@mauricebyers.com
